We have just received the glorious intelligence, said to be confirmed, from official sources, that Richmond has been captured by the Federal forces, and is now occupied by them. This was achieved by Generals Peck, Keyes, and Stoneman, acting in concert, about the time Hooker recrossed the river. It is said the authorities at Washington are endeavoring to suppress the news, from prudential motives of their own; but it has been divulged, and they are having exciting demonstrations over it in the Eastern cities. We are to have particulars Sunday or Monday morning.

Hooker is all right. He was not defeated and met with no disaster, but recrossed the Rappahannock for reasons which have been approved by the Government. He and his army are in the best of spirits, and ready for another movement, which will speedily be made.

Gen. Grant has captured Grand Gulf and Port Gibson, on the Mississippi, taking many prisoners, and a large amount

of artillery and ammunition. These places are the key to Vicksburg and Port Hudson. Grant is pushing on to Vicksburg, which place he expected to attack to-day.

The Monitors and iron-clads are now off Charleston, ready for another attack.

It is again reported that Bragg has been killed by Breckinridge, for bad treatment of Kentucky troops. It is also reported that Gen. Van Dorn was killed yesterday by Dr. Peters, of Maury County, Tennessee, at the house of the latter, for fornication with Peters' wife!

The Court Martial upon Vallandigham's case, have come to a decision, which has not yet been made public by General Burnside. It is to be hoped the decision is to hang him.

We trust this good news will not prove a "flash in the pan." It comes from official despatches and by passengers from Fortress Monroe, and we think it is reliable. We give it in an Extra, to make our readers feel happy on the Holy Sabbath Day!
